Stanton and Martin Likely to Set Up New Marks in Two Events-Wesleyan Team, Booked to Race Indians, Will Be in Town Friday. Richmond Grays Entered.

The University of Virginia will be represented in the Federal indoor games Saturday night by twelve of the best men in the Charlottsville track squad. This announcement was made last night by Manager F. N. Harrison, of the University of Virginia team, and the formal

entries will reach Washington to-day. In a lengthy long distance telephone conversation with Manager Stuart of the Federal games, last night, Mr. Harrison said that a previous announcement that Virginia would not have any athletes in the Federal games was made without his knowledge or consent, and that his first intimation that such an announcement had been made was when he read it in a Washington morning paper. Mr. Harrison also said that the Virginia management and athletes have always had the friendliest feeling for the Federal games, and that there had never been any intention of "taking a stand" against the games

Virginia's Crack Athletes,

The men who will represent Virginia will include Capt. L. J. Martin, world's record holder for the 100-yard hurdle; Stanton, the Charlottsville University's most versatile runner, who last Saturday night in Richmond was second in the 50yard dash and 440-yard run, and then went out and defeated Elphinstone, South Atlantic five-mile champion in the one-mile run; Burke and Gooch, two clever sprinters and quarter-mile runners; the former, a couple of years ago, doesn't it? a Washington School for Boys' star; Wiltshire, a good middle-distance man; Charrington, the old Episcopal High School high-jump champion; Holloday, just now Virginia's best high jumper, and next to Martin, the fastest hurdler in Charlottsville, and half a dozen other

the South Atlantic broad-jump champion; Horrax, of Johns Hopkins, former intercollegiate high-jump champion, Morton, of the same college, and Stratton, of the Washington Y. M. C. A., are the

men with the best hopping records. In the standing broad fump for schoolboys, Gerald Connolly, Baltimore City Low, of Friends Select; Spransy, of Technical High; Archer Smith, of Tome; Green, of Mercersberg, and Dawson, of Rockville Academy, top the list so far as records are concerned.

There is as much interest in the same event for grade-school boys, and the records of one or two of the younger ath letes are but a trifle worse in actual distance than those of their older brothers. Mead, of Twining School; White and Mix, of Morgan; Schneider, of Smallwood; Hoge, of Hyde, and Warren, of Webster, seem to be the most likely candidates for honors.

The league's board of directors met at 11 o'clock to-day for the purp ose of hear ing the evidence of Charles J. Murphy vs. the Philadelphia club. As the Quaker president, Horace Fogel, was suddenly laid up with gout, the hearing was put

off until to-morrow. The directors considered the Philadelphia club's forfelted game at the Polo Grounds last fall, for which the penalty is a fine of not more than \$1,000. A green umpire, named Mullen, was tried out that day, and after he had fined three Quakers. Moran, Knabe, and Doolin, he deciared the game forfelted to the Giants, 9 to 0, because the Philadelphia team refused to go ahead.

After going over the evidence the direc tors decided to reduce the Philadelphia club's fine to \$250, which must be paid to the New York club. Doolin, the Philadelphia captain, was also fined \$100 in addition to the \$100 fine laid by Umpire Mullen.

There will be an extended discussion 104 to-morrow over the National League schedule. The magnates will have one schedule of 168 games and another of 154 to consider. Robison, of St. Louis, said to-night that he believed the 168-game schedule would

be adopted unless some reason could be offered to show why the other plan is better. He said he would vote for 168 games, and he expected Murphy, Fogel, Ebbetts, and Brush to stand with him. But the Herrmann-Dreyfuss combination, which is under the influence of the American League, is said to have it all cut and dried for a stampede to the 154game plan. In fact, it is said, a bargain was made during the recent confab of
